INTRODUCING: CONNECTICUT DONATION STATIONS

Dear Friends:

We're The Arc Eastern Connecticut, **a nonprofit serving nearly 1,000 people with intellectual and developmental disabilities (IDD) in Eastern Connecticut.** The Arc supports people with IDD by offering life skills training, vocational supports, job readiness preparation, residential supports and more.

We'd love to partner with you on **a great recycling project**—it's FREE, we do all the work, and your participation helps provide **vital employment and training programs for people with intellectual and developmental disabilities (IDD) in your community.** Our participant employees know recycling! That's why we're expanding into your area with **indoor "Donation Stations,"** where your staff can deposit their returnable bottles and cans in a bin we'd place in the location of your choice. It's great public relations—and **100% of the funds we collect from processing these returnables goes directly to programs that support people with IDD in eastern Connecticut.**

Our employees and their Job Coach **take care of everything related to the 50-gallon bins,** which are approximately 3 feet tall and 18 inches wide and can fit easily into a corner. They're attractive, emptied as soon as you let us know they're full, and **we keep them clean and beautiful for as long as they are with you.**

You may decide where the bins go—most businesses prefer their break room or a common area that is easily accessible.

Having a Donation Station at your business **shows your team your advocacy and support** of our mission to partner with people living with IDD for equal participation and inclusion. **It's win-win!**

Please let me know if we can talk further about this great opportunity for both our organizations. I'd love to answer any questions you have. I can be reached at jricci@thearect.org or at **(860) 928-4727, ext. 903.**

Sincerely,

Jennifer Ricci
